DAUGHTER KILLED BY IRATE FATHER

Alleged That Man Chased the Girl From the House Toward a Corn Field—Weapon Used Said to Be a Club

BODY FOUND LAST FALL

Arrest of the Parent Takes Place Last Night. Following Statement Made By the 82-Year-Old Grandfather That His Son Killed the Child

Lanceton, N. J., Jan. 31—(United Press)—Charged with the murder of his daughter, Emma Dickson, 15-year-old Millville high school student, whose mutilated body was found in a clump of woods near Fort Elizabeth on September 22, 1923, Thompson Dickson is in the county jail here today.

Dickson was arrested last night by County Detective Lore after Benjamin Dickson, 82-year-old grandfather of the murdered child, made a statement that his son killed Emma by hitting her over the head with a club.

Emma and her father quarrelled on the night of September 13, the grandfather is alleged to have told Lore. The girl was chased from the house by her father, and as she ran toward a corn field, he hit the child on the head with a club, killing her.

Thompson Dickson then hid the body in a shed and came to the house. About three o'clock in the morning he put the body of his daughter into a wheelbarrow and took it to the place where it was found.

The slain girl's father was arrested at his home in Bricksboro, and readily consented to accompany Lore here, where he was arraigned before Justice Stratton, who committed Dickson to jail without bail.

PRESIDENT GUEST OF HONOR AT A BANQUET

Guy Gudaker, of Philadelphia, president of Rotary International, was the guest of honor last night at a banquet and inter-city meeting of Rotarians of the thirty-third district, held at the Fort Pitt hotel, Pittsburgh. More than 320 Rotarians were present. Dr. J. W. Manon, Dr. P. C. Stahlman, James T. Heffran, Dr. Edwin McKay, Bruce Barnett and H. E. Price of the Charleroi club, attended the meeting.

Grand Jury Convenes On Next Monday-- Criminal Court Feb. 11

The grand jury for the February term of criminal court will be convened on Monday afternoon at 1 o'clock, it marking the beginning of several busy weeks for the court of common pleas. The district attorney and assistants have been busy in preparation of indictments for presentment the coming week and every day of the week is filled with a large number of cases. The jury will be busy all week.

Monday will be a busy day in court. There is the usual motion and rule court and preceding that the constables make their quarterly returns and there are other hearings to be got out of the way. Some time during the day, probably after the convening of court after the noon hour pleaders will be disposed of.

A week from Monday the May term of criminal court for the trial of cases will be convened. There will be two weeks of criminal court to be followed by four weeks of common pleas court. Then comes argument and equity court. That will bring the court up pretty close to the May term. Court will from now on

PAPERS ARE TO GO FIRSTCLASS

Beginning tomorrow newspapers will be accorded the same treatment in the mails as letters and other first class matter by an order made public yesterday by Postmaster General New. The order applies alike to daily and weekly newspapers.

Carefully worded and minute instructions have been issued to all postal employees so that there will be no possibility of misunderstanding the importance of getting newspapers will be made up in separate sacks plainly labeled with the word "newspapers." If there are only a few copies of newspapers at the point of dispatch, they will be placed in pouches with first class mail or in separate sacks, even though the sacks are only partly filled. The order stipulates that newspapers shall not be mixed with parcels post at any point in their dispatch from the publishers' offices until their delivery to the addressees.

MINER TRIES HIS HAND AT BAD CHECK PASSING

George Soria, 28 years old, a miner, said to hail from West Virginia, is alleged to have dropped into a grocery store in East Schoonmaker avenue, Monessen, yesterday, buying goods to the amount of \$5, and paying for the same by check receiving \$25 in change.

However, Soria, flushed by his success in this instance, came to grief when he tried the same stunt on another business man not far removed from the first case, as while the business man caved to make the change on the check, he called for information and found that the check was valueless. The police were summoned, and Soria was placed under arrest, and at a hearing before Alderman J. D. White, that functionary held him for court.

CIRCLE MEMBERS AT CONNELLSVILLE

Twenty-five members of the Charleroi, Monessen and Donora branches of the Protected Home Circle journeyed to Conneltsville Tuesday evening and took part in Inner Circle devotional work held at that place. Prior to the devotional exercises, a banquet was served to all members by the Ladies Aid society of the Methodist church of Conneltsville, in the church.

The balance of the evening was spent in the P. H. C. rooms. The Circle was honored by the presence of A. C. McClain, Supreme President, who spoke at length on the work of the P. H. C., and the wonderful protection it offers Mrs. Maude Hobough, state deputy, and grand guardian, was also present and made a few remarks for the good of the order. A class of 75 members received the work of the Circle was well carried out. Immediately after the business meeting, dancing was enjoyed.

Charleroi has been chosen as the next place to put on the Inner Circle work, and this will take place some time in April.

WOMEN PASS SPURIOUS MONEY IN UNIONTOWN

Women are passing counterfeit merchants. So far the merchants have been victims of \$10 and \$20 bills. A woman has been recognized, but it is impossible to arrest her. She invariably makes a smart purchase and folds the bill nicely before offering it. The counterfeit is a poor imitation, containing no silk threads and made of unusually thin paper.

Will pay 5c per pound for clean, cotton rags. Leave same at Mail office.

Phesians Win In The Contest Library Drive

The Centerville Library campaign came to a close yesterday with a total of \$275 raised by the Phesian and the Utopian Literary societies of the societies were pitted against each other in a contest to see which society would raise the most money. One hundred dollars for each group was the goal. Yesterday the Utopian society reported \$101.20 and the Phesians \$169.25, which together with several later contributions total \$275.

The members of the societies appreciated the various contributions and the gift of 31 books from the Centerville Library Friday evening the basketball teams of the two societies will meet in what is expected to be one of the fastest games played here this season. The great rivalry which the library drive has caused has not abated and each five will be determined to win.

The same evening the Centerville girls sextet will play the feminine tennis of the Canonsburg high school. This game is expected to be as hotly contested as the boys' game for the present coach of the Canonsburg team, W. L. Fife was previously principal of the Centerville school and basketball coach.

ACCIDENT COULD NOT BE HELPED

At an inquest held yesterday afternoon by Coroner William Greenlee in the death of George McMasters, aged 27 years, who was fatally injured on January 23 by an auto truck, while working on the dump of the Washington Coal Company, in Tylerdale, the jury found that the accident was unavoidable.

Sam Hayden, the driver of the truck was the only witness. Mr. Hayden had taken a load of slate to the dump, and McMasters helped him to dump it. Hayden then got back into the machine and McMasters called to him to go ahead. He started, but a second later some boys on the dump yelled to him and he stopped. He then discovered McMasters under the truck in front of one of the rear wheels, which had crushed him.

JOHN H. ELLER DIES ON TUESDAY

Death Tuesday removed one of Belle Vernon's most highly respected citizens when John H. Eller, aged 63, a pioneer resident, passed away, a victim of heart trouble. Mr. Eller never complained and bore his burden as only a true Christian could. His death occurred at his home, 611 Broad avenue. Besides his wife, one daughter, Mrs. Ruth Neeson, of Belle Vernon, survives.

The deceased was born and raised in Belle Vernon and for a number of years he was employed in the glass works, later embarking in the confectionery and groceries business for himself. He conducted this store for twelve years, retiring about 8 years ago on account of failing health. He was a lifelong member of the Methodist church and always took an active part in religious work and at the time of his death was a member of the special board of the Methodist church. He was also affiliated with the Odd Fellows, being a good master member, and also the Royal Arcanum.

Funeral services were held and burial was made today.

MARRIED FOR FIFTY YEARS

On Tuesday Mr. and Mrs. Lindsay Hetherington, who reside near the town of Bentleyville, had been married 50 years, and to properly celebrate the occasion relatives and friends to the number of 60, gathered at their home. One of the features was the dinner served at 1 o'clock.

Their daughter, Mrs. William Gault and Mr. Gault, who reside in the city of Los Angeles, Cal., arrived at the Hetherington home several days ago to be present at the auspicious event. Others present were Mrs. Drex Crouch and sons, Thomas and Guy, of Emleyville; Mr. and Mrs. Hiram Hetherington, Pittsburgh; Mr. and Mrs. William Myers, Washington; Mrs. Sarah Leyda and Elliott Riddle, Eight-Four.

A portion of those named were attendants at the wedding ceremony of the couple a half century ago. Many other guests and members of the family were present and took part in the celebration. Rev. Anna Porter presided at the dinner. Many beautiful and substantial gifts were given the bride and groom of 50 years ago, among them being a radio set from the children.

Friday night, at 7:30 o'clock, the address of the evening will be made by Dr. W. D. Henderson, who will have for his subject, "Human Nature and the Changing Order." Miss Theresa Aschman, soprano and Jas. Meli, baritone, will render a duet. Dr. Henry Johnston and Dr. Henderson will make speeches on Saturday forenoon; also Dr. J. Lynn Barnard, Miss Emma Grassmuck will also make talks.

Prof. Pollock said that the Institute which rotates between Monongahela, Donora and Charleroi, is a great success whenever it meets, and is instructive in its tendencies. He reported that the coteries of speakers engaged for the Institute here is among the best ever giving of their services, and that the educators count themselves fortunate in securing them.

Third Section of Tri-District Institute to Convene At H. S. Auditorium—Attendance of 230 Expected—Prof. Pollock to Preside

THE LIST OF INSTRUCTORS

Among the Leading Educators of Country to Be Here—Music For the Occasion By Prof. Earl Braman And High School Orchestra And Chorus

The third section of the Eleventh Annual Session of the Tri-District Institute, comprising the city of Monongahela and the boroughs of Donora and Charleroi, will be held here tomorrow and Saturday at the High School Auditorium. It is expected that there will be in attendance 230 of the pedagogues; the public is also invited to attend the sessions. The themes to be discussed will deal, for the most part, with history, geography, the sciences, and civics.

Prof. Thomas L. Pollock, superintendent of schools, will be chairman of the Institute, and will superintend its deliberations. The corps of instructors will be as follows: Dr. W. D. Henderson, University of Michigan; Ann Arbor, Mich.; Dr. Henry Johnston, Columbia University, New York; Dr. J. Lynn Barnard, Director of Social Studies, Department of Public Instruction, Harrisburg; Miss Emma Grassmuck, Director of Geography, Department of Public Instruction, Harrisburg.

Music for the occasion will be furnished in the main, by Prof. Earl Braman, supervisor of music, Charleroi schools, Glee club, and the High School orchestra. A feature of the program tomorrow morning will be selections by the Juvenile Symphony Orchestra 40 grade children, who will make their first public appearance.

There was a girl in our town

She used a little charcoal stick
And cosmetized her eyes.
But when the boys had found her out
She ran with might and main.
And used a lot of soap and dope
To wash it off again.

Our objection to work is that there
are so many other things to do.

The constable of a certain Pennsylv-

received from the chief of police at
one of the larger cities the photo of
a rogue taken in six different posi-
tions who was wanted for burglary.
Two weeks later he wired the chief
the following: "I have arrested five
of the men and am going after the
sixth tonight."

In our opinion, when a fellow begins
to complain that his work is not ap-
preciated, it merely means his boss
is getting on to him.

It is a puzzling question—how do

A DISTINGUISHED WOMAN

How many teachers sprang into
fame during the war? Here, there
and everywhere, steadily working to a
high standard of excellence, studying
under the leaders of their profession,
keeping constantly before their eyes
the goal of effective service, those who
had ability needed only opportunity to
show qualities of leadership.

One such teacher is Caroline Rutz-
Rees. Professionally she describes her-
self as simply a headmistress. Her
direct work has been the founding and
reorganization of Rossmore Hall. To
one who knows Connecticut, however,
specially, the mere location of the
school, in cultured, wealthy, beautiful
old Greenwich on the Boston Post
road, spells achievement.

Naturally Miss Rutz-Rees based
her achievement on the most thorough
preparation and study. She holds the
degrees of Eleve Titulaire, Ecole des
Hautes Etudes, University of Paris and
Master of Arts and Doctor of Philoso-
phy, Columbia University.

In other directions, French litera-
ture and the suffrage movement
claimed her loyalty. "Charles et la
Sainte Marthe," a study in French
renaissance, published in both English
and French, and many contributions
to Modern Language Notes and to the
Yale Review have made her name fa-
miliar in a scholarly field. A county
chairmanship, then state responsibility
and finally membership on the national
board of the American Woman Suff-
rage association marked the recogni-
tion of her ability by that group of
clever women.

With the war, average folk who
would never have met Miss Rutz-
Rees in her special fields, commenced
to learn how to spell her name. For
the Council of National Defense asked
her to organize the women of her
state, and made her a member of the
state council; the Young Women's
Christian association made her chair-
man of the Connecticut branch, an
teen division. With the passage of the
Nineteenth amendment, the national
Democratic committee named her as
the national committeewoman from
Connecticut.

Thus does the world "make a beaten
pathway to your door," as Mr. Em-
erson once said, if only your mouse
traps or your school teaching is bet-
ter than the best of some one else.

"For twenty years I suffered with
bleeding and itching piles at times I
was confined to the house for more
than a month. Two years ago I began
using San Cura Ointment and one 60c
jar made a firm and permanent cure.
I have not been troubled since."

Rev. W. F. Gilbert, Titusville, Pa.

It draws out poison; that's the se-
cret of the wonderful success of San
Cura Ointment; that's why it so
quickly heals scalds, burns, cuts,
bruises, and eczema. It's best to use
San Cura Soap at all times; it is a
great aid in banishing pimples, black-
heads and the germs of disease. 25

WOODROW WILSON

IS AMONG THE SICK

Washington, Jan. 31.—(United
Press)—Woodrow Wilson is ill and
under the care of a physician who
was called at noon yesterday to at-
tend the former president.The physician, Mr. Sterling Ruffin,
will see Mr. Wilson again today.
"I do not consider Mr. Wilson's
condition as serious," said Dr.
Ruffin this morning. "I do not feel
at liberty to state the nature of his
illness."Admiral Cary T. Grayson, Mr.
Wilson's personal physician, was due
to reach Washington this morning
from North Carolina where he has
been hunting. At Dr. Grayson's
home it was stated members of his
family did not know whether he had
been summoned home on account of
Mr. Wilson's condition.Mr. Ruffin who was summoned by
Mrs. Wilson, was one of the doctors
who attended Mr. Wilson when he
was stricken while President by the
affliction which has hit him an in-
valid.Recent callers at Mrs. Wilson's
home remarked how well he was
looking and news of his sudden in-
disposition brought a shock of alarm
to his close friends here.

ENGLISH TEAM IS

BADLY DEFEATED

Chaminix, France, Jan. 31.—(Uni-
ted Press)—Showing improved form
the United States Hockey team enter-
ed into a tie with Canada in the
Olympic championship here this
morning by defeating and eliminat-
ing the English team. The score was
11 to 0.Both the Canadian and American
teams have won three games and lost
none while the English team has won
two and lost one.The improved form and spirit
shown by the Americans may have
been the result of the riot act which
William Haddock, manager of the
team, had to his athletes yesterday.After they had faltered badly in the
match against France, Haddock ac-
cused them of being willing to accept
second place in the championship and
of paying too much attention to the
word going around that the famed
Canadians cannot be beaten.Mail Classified Ads are valuable.

How We Spend Your Money

in building Studebaker cars

Why people buy 150,000 yearly

It is true that we spend lavishly
on Studebaker cars. But it's all
to your advantage.It is by that spending that we give
you the greatest value in the fine-car
field. We offer prices no one matches
on any comparable cars.That lavish spending led people
last year to pay \$290,000,000 for
Studebaker cars. And that volume
brings our prices down to where they
are.

\$50,000,000 in plants

Studebaker assets are \$90,000,000.
In modern plants and equipment we
have \$50,000,000. Seventy per cent
of that amount was spent
in the past seven years.So it represents the last
word in equipment.\$8,000,000 in drop forge
plants, so every vital part
is made to Studebaker
standards.\$10,000,000 in body
plants, so Studebaker
ideals may be shown in
every body.All that is staked in a
permanent way on sat-
isfying fine-car buyers bet-
ter than our rivals.

What extras cost

Lack of vibration is a
famous Studebaker fea-
ture. We get that by ma-
chining crank shafts and
they were in Liberty Air-
plane Motors. That extra
cost is over \$600,000
yearly.Matchless endurance is another
famous feature. One Studebaker Six,
still in active use, has run 475,000
miles since 1918. We get that through
costly steels. On some we pay 15%
bonus to makers to get formulas exact.Beauty of finish is another su-
premacies. But that finish requires
many operations, including 15 coats
of paint and varnish.Our real leather cushions cost \$25
per car over imitation leather.Every Studebaker car is Timken-
equipped. The Special-Six and the
Big-Six have more Timken bearings
than any car selling under \$5,600 inAmerica. The Light-Six more than
any competitive car within \$1,000 of
its price.In closed cars we offer wondrous
luxury. The lining is Chase Mohair,
made from the fine fleece of Angora
goats. Velour would cost about one-
third that, saving up to \$100 a car.Note those bumpers, that steel
trunk, those extra disc wheels with
cord tires on some models. Note that
extra courtesy light. Think what
they would cost if you bought them.

The cost of care

The unvarying standards in Stude-
baker cars are fixed by a departmentThen we pay extra for continuous
service. Last year, 13,000 men in our
factories got anniversary checks—
total \$1,300,000. After five years of
service those checks amount to 10%
of their wages.We spend \$2,000,000 yearly on our
co-operative work for men.Every year we give factory em-
ployees one week's vacation with pay.
That cost us \$225,000 last year.We sell them stock on attractive
terms. We retire old employees on
pensions.All this to keep men happy, to
foster morale, and to keep men with
us when they develop
efficiency.

Not extravagance

Do such things seem
extravagant? They are
not. All those extra dol-
lars save more dollars for
our buyers.They result in the cars
you see, in the prices and
values we offer. Nothing
else in the field can com-
pare.Those values have re-
sulted in a demand for
150,000 cars per year.
That volume cuts our
costs in two, as compared
with limited production.The cause of over-
prices—under-values—is
not lavish expenditure.

It is

Limited production,
Heavy overhead,
Out-of-date machinery,
Antiquated methods,
Non-economical plants,
Transient labor,
Discontented workers.We've eliminated those things.
We've done it at what seems to you
a heavy cost per car. But each of
those extra dollars saves \$5, we be-
lieve. Note what values and what
prices have resulted. Note the amaz-
ing demand—the overwhelming de-
mand—it has brought for Studebaker
cars.of Methods and Standards. It is
enormously expensive.Our constant improvements are
due to ceaseless research. 125 ex-
perts devote their time to the study
of betterments. They make 500,000
tests per year.That reliability is due to 12,000
inspections of the material and work-
manship in each Studebaker car be-
fore it leaves the factory. This re-
quires 1,000 inspectors.

Being generous with men

We pay maximum wages—at least
as much as anyone else will pay.
